

Technology and Internet Use Agreement
For Diocese of San Jose Technology Users

As a user of technology and the Internet I agree to follow the rules and code of ethics in all of my work with computers while attending St. Martin School.

1. I recognize that all computer users have the same right to use the equipment; therefore I will not use the computer resources for non-academic purposes. I will not waste time or supplies. When I am in the computer lab, I will talk softly and work in ways that will not disturb other users. I will keep my computer work area clean and will not eat or drink in the computer lab.
2. I recognize that copyright laws protect software; therefore, I will not make unauthorized copies of software, and I will not give, lend, or sell copies, of software to others. I understand I will not be allowed to bring software applications, games, or CD-ROMs from home to be used on school equipment without proof of licensure and prior approval of appropriate school personnel.
3. I recognize that the work of all users is valuable, therefore:
 - *I will protect the privacy of others by not trying to learn their password.
 - *I will not copy, change, read, or use files from another user without prior permission from that user.
 - *I will not attempt to gain unauthorized access to system programs or computer equipment.
 - * I will not use computer systems to disturb or harass other computer users or use inappropriate language in my communications.
 - *I will honor my school's procedures for the storage of information. I understand that I am expected to save files that I want to keep on my own CD-ROM. I realize that, after prior notice has been given to me, files may be deleted from the system to protect the integrity of the network or because of space limitations on the computers hard drive.
4. Our goal in providing Internet access to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.
5. If a St. Martin School student violates any of the provisions of Diocesan policy, the student's parent/guardians will be notified, and the student's Internet access may be terminated with the possibility of future access denied. In addition, the student may be subject to school disciplinary action. The signatures at the end of this document are binding and indicate the parties who signed have read the terms and conditions carefully and understand the significance.
