

We are adding new options to our Junior Kindergarten Program this year. Enrollment in the Enrichment Program is the same as that for the Core Program in that it is a year long commitment. The Extended Care is a bit more flexible, but it will be necessary to have a monthly commitment so that we can schedule coverage. These measures are needed because we need to schedule specially trained staff to conduct the programs.

Our Junior Kindergarten Program consists of the Core Program from 8 am until 11:30 am, the Enrichment Program from 11:30 am until 3 pm and Extended Care from 3pm to 6pm. The Core Program consists of academics, physical activity, socialization, music and art. The Enrichment Program includes activities that will expand on the skills presented in the Core Program. It will also provide time for lunch and a nap. During Extended Care the children will be using the Kindergarten Room because of state regulations that do not allow the Junior Kindergarteners to mingle with the older students on a regular basis.
